Total Points

# How to Vote

At the final count, the book with the highest number of points will be the winner of the Big Book Award 2022

1

Write down the total number of books you have read from the Big Book Award shortlist. This figure is the total number of points you can give to the books you have read. For example, if you have read 3 books, then you will have a total of 3 points to award.

You must have read at least **2 books** on the shortlist in order to be able to vote.

2

In the box next to the title of the book (or books) you decide to vote for, write down the number of points you want to give. You may choose to share your points out between different books, or you may prefer to give them all to just one book.

3

As a final check, add up the total number of points you have awarded and write them in the box Total Points. This number must be the same as the total number of books you have read.
